TED NEWBY

September 1st saw the very popular Southern Alberta Auctioneer, Ted Newby, on the auction stand at the Fort Macleod Auction Market.

After Ted's return from overseas in 1945, he attended the Auction College in Mason City, Iowa, then joined forces with his father, the late J. W. Newby of Lethbridge in the auction business.

In 1950 Lethbridge was the first terminal market to adopt the auction method of selling livestock with Ted Newby doing the selling. Mr. Newby has held that position up until this time.

No Serious Injuries

Aug. 30, to Mr. and Mrs. Brian Todd, Vulcan, a girl.

Aug. 31, to Mr. and Mrs. Walter Leadbeater, Shouldice, a boy.

The Labor Day weekend saw four automobile accidents occur in this area — two of them at the recently completed highway intersection at the entrance to Vulcan. In both these accidents, cars coming from the north on the highway were in collision with vehicles coming from the south and turning into Vulcan.

At 7:45 p.m. on September 4, the south-bound car driven by M. Klovansky of Lethbridge was in collision with a north-bound car entering Vulcan, driven by Dennis Sparks of Vulcan. There were no injuries and damage to each car amounted to about \$100.

At 1:00 a.m. on September 5, a south-bound car driven by M. Klovansky of Lethbridge collided with a truck entering Vulcan from the south, driven by Boyd McKay of Vulcan. A passenger in the Klovansky car, Mrs. E. Lonsdale of Lethbridge, suffered a broken collarbone in the accident and was treated at the Vulcan Hospital. Total damage to the two vehicles involved was estimated at \$600.

In the early morning of September 6, a car driven by Steve Martal of Champion, returning to the Champion Coal Mine, hit loose gravel and rolled off the road into a field. Mr. Martal suffered lacerations and back injuries and the vehicle was badly damaged.

In the early evening of September 6, a car with six young people in it and driven by Randall Baskin of Saskatoon rolled off the causeway at the south end of the camping area at Little Bow Park. Two of the occupants received minor injuries, Eda Lever suffering from concussion and Joann Richardson having nose and leg injuries. The car was badly wrecked.

All four accidents were investigated by the Vulcan Detachment of the RCMP.

Populations of some other South Alberta towns are:
Bassano 821, Bow Island 1,122, Claresholm 2,098, Brooks 3,126, Fort Macleod 2,592, Granum 305, Hanna 2,603, High River 2,276, Innisfail 2,575, Milk River 829, Nanton 1,054, Okotoks 1,043, Olds 2,943, Picture Butte 1,035, Pincher Creek 3,081, Strathmore 1,021, Taber 4,244, Vauxhall 942, Blackie 184, Carbon 371, Nobleford 327.

Shower Honors Recent Bride

A bridal shower in honor of Miss Marjory Reath (Mrs. Al Psikla) was held in the Church of Christ on July 24.

The room was tastefully decorated in a pink and white theme. Mrs. Vernie Budd led the group in a singsong after which Mrs. Ruth Orchard presented an interesting contest.

Seated at the table to assist Marjory in opening her many lovely gifts were the bride's mother Mrs. Reath, the groom's mother Mrs. Psikla, Miss Evelyn Reath and Miss Myrna Reath.

A gaily decorated basket which looked like a large apple (for the teacher) was brought in by the misses Marjory and Carolyn Weber.

Miss Lynda Dann then presented the gifts to the bride elect "Marjory" and wished much happiness and good wishes from all present.

Marjory then thanked everyone for the many lovely gifts and good wishes and invited everyone to visit her and Al in their new home in Calgary.

A tasty lunch was served by the ladies of the Candlelight Circle to bring the evening to a close.

ALIBI

"When Wilber brings home his report card why do you always sign it with an X?"

"I don't want the teacher to think that anyone who can read and write would have a son like that."

The reason people who mind their own business succeed so well is that they have so little competition.

Now The Rains Come!

The harvest fields are quiet. Weather of the past seven days has followed the prediction of long range forecasts for September which indicate a cold, wet month.

Rainfall at Vulcan measures just under one inch since last Wednesday. 33 inches fell Sept. 2 while 51 fell during the following night.

Although snow and storm warnings were out for last weekend

very little of the white stuff fell and while most of the three-day holiday was unpleasant weather-wise, no serious storms occurred.

Elevator agents report approximately 25 percent of the harvest is completed in the County. This ranges from all but a strip or two of swath left to combine in the many fields east of Vulcan to a bare beginning of swathing north around the Corner Store where

crops are ripening later due to more earlier moisture.

Frost damage is not serious yet. Frost has occurred in parts of the county but the temperature has not stayed down for sufficient time to do its damage. Overcast skies and some winds have been saving factors in the current cold spell.

Wheat lying in swath and that being hauled is blanched and is expected to be knocked a grade to No. 3. Evidence of the dry weather of July and August is being shown in shriveled and lighter kernels. Crops generally though are yielding greater returns than were anticipated and in the area north and east of Vulcan there is a difference of seven or eight pounds per bushel in weight over lighter yields in other parts of the County.

In most districts free of streak-mosaic it is expected increased winter wheat and rye will be seeded this fall. This is partly due to protection against soil blowing and also in view of the success found in the crop this year.

While the current weather has delayed harvest it is not considered behind schedule yet as most areas started operations two weeks earlier than normal.

It will be remembered by many, especially those among the thirty odd cars stalled on the highway north of town a year ago last week, that the 1963 harvest was interrupted by a severe storm during its early stages.

This is not exactly depicting fun among the firs but the results of the building project at Scout Camp Impessa, southwest of Pincher Creek, should bring enjoyment and benefit to Cubs and Scouts of this area in years to

The summer of freedom was within one minute being over for the above young students as they gathered in front of the door at the Hazel Cameron Elementary School Monday, Sept. 7 for opening day. Scrubbed and shiny, most of this group claimed to be vete-

rans of Grade II standing but that didn't prevent many of them from jumping out of bed an hour or two early to start the nervous first-morning preparations. To many of the second graders caught up in the novelty of education, summer became an agonizing drag

as the weeks wore on and no school in sight. It can be assumed that, human nature being fairly constant one generation after another, the same feeling was not evident among those in higher grades.

Over at County Central High School, opening day featured new sights and sounds to students returning for another term on Sept. 7. The expansion of school facilities to include vocational training

is not complete and students picked their way around machinery, new cement curbs and piles of loam and other signs of progress, to get to their classrooms. Some rooms of the new wing are in oper-

ation and extensive renovation has taken place in the original building so it is not only an enlarged and more varied curriculum which faces students but almost a new home as well.

WSWS Bids Goodbye To Mrs. H. Hilz

The regular meeting of the WSWS of the EUB church was held at the home of Mrs. R. L. Jones on Wednesday evening, Mrs. M. R. Heebner was in charge of the devotional. The devotional was based on the theme of Holy Spirit, which was likened to oil.

Readings on Oil in Mechanics were given by Esther Becker and Medical Properties of Oil by Ruth Stinson. Mrs. Vera Hartung sang a solo "There is Balm in Gilead". The final reading "Oil in Food Preparation" was given by Dora Jones. While each reading was being given Mrs. Mary Ruark illustrated with a chalk drawing.

After the business session Ruby Schlerman presented Mrs. Henry Hilz with a cup and saucer from the ladies and expressed the regret of all at losing such a valuable charter member. She wished Mrs. Hilz much happiness in her new home in Calgary. A dainty lunch was served by the hostess assisted by Mrs. Emil Hartung.

Buffalo Hill Jr. F.U.A. Meets

The September meeting of the Buffalo Hills Jr. FUA was held on Sept. 5, at Liberty Community Centre. Several money-making projects were discussed. It was decided that the organization would have a Rock n' Roll dance featuring either the Esquires or the Corvairs in October.

The next meeting will be on Oct. 3, at Liberty. The executive meeting will be on Sept. 27.

Some of the members later attended a 25th Wedding Anniversary party for Mr. and Mrs. Scott at Milo and presented them with a silver tray and congratulations from the Buffalo Hills Juniors.

Junior FUA's Of District 12 Elect Officers

The Buffalo Hills Jr. FUA hosted the District 12 summer meeting on August 22, 1964 at what was to be a picnic. Due to poor weather conditions, the meeting was moved to the Milo Hall where everyone joined in a pot-luck lunch.

The meeting was opened by President Keith Murray and new officers were elected. They are: President, Wilson Lores; secretary, Charlene Lucas. The winter meeting of District 12 Jr. FUA will be held on December 28, 1964, at the home of Mrs. L. Lange, Claresholm at 8:00 p.m. Everyone is asked to bring either cake or sandwiches.

Speakers for the day included two Swiss men, Chris and Nick, who gave a very interesting account of life in Switzerland. Mr. Broughton of the Wheat Pool gave an informative talk on organizations.

After the meeting there were games and singing and later the Buffalo Hills local served lunch.

This would be a better world if we had more wild life in our forests and less in the big cities.

Twin Melons Quite An Oddity

We didn't think that muskmelons (casaba melons) could be grown in this area, at least to a useable size, but Paul Gross, gardener at the New Dale Colony at Queenstown, not only grows them but this year came up with two sets of twin melons.

The twin melons, each set grown from a single stalk, are quite an oddity. Each melon of a set is perfectly formed but is joined to its twin all along one side.

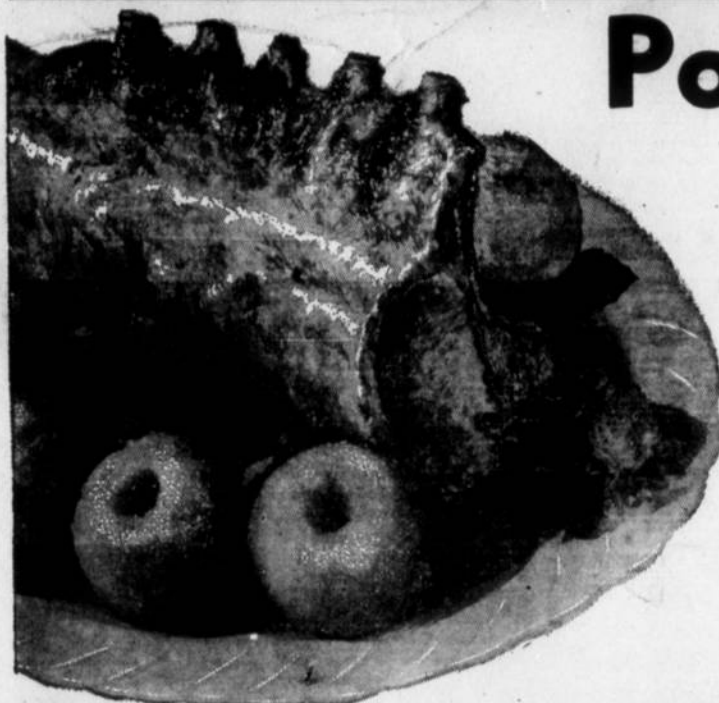

The melons each measure about 3 1/2 inches in diameter. A member of the same melon family as the cantaloupe, the flesh is a bit lighter in color but very similar in taste and a welcome addition to any table.

BEATLES VISIT VANCOUVER

Two Carmangay girls, Verna Baldwin and Shirley Burns, were in Vancouver for the Beatles' show there on August 27. Their impressions of the occasion follow:

Eight a.m., August 27th, found about a dozen kids, both boys and girls, some of whom had been there since five a.m., standing at the door of the Hotel Georgia, firing questions at the doorman, who answered them good naturedly. By one o'clock the crowd had grown to over 1000 and later reports said in all, some four thousand fans had gathered. There were just as many boys as girls and a surprising number of adults. To everyone's disappointment the Beatles were delayed at the border and had to return to Seattle "to have a stamp put on their passport". Forty minutes before the press conference they arrived at the RCAF airport and took a tour of Vancouver causing a traffic jam on the Pattulla Bridge.

That night the Beatles faced 20,000 fans in the Empire Stadium. They were on stage approximately 27 minutes and sang eleven songs. Four metal gates, ten feet apart and one hundred policemen were all that separated the Beatles from their enthusiastic fans, some of whom were carried to the St. John's First Aid Centre for treatment of hysteria and minor injuries. Preceding the Beatles were four other acts; the Bill Black's

COMBO, THE EXCITERS, THE RIGHTEOUS BROTHERS, and JACKIE DE SHANNON.

The show was MC'd by CFUN's Red Robinson.

Before anyone realized what was happening, the Beatles had left the stage and were making a mad dash to the waiting limousines which immediately took them to the airport. Fans stormed the stage, tearing down decorations as souvenirs.

It was a night that will linger long in the minds of thousands of Beate fans.

This particular season is long past but the harvest was bountiful. Fall crops were a success this year and Beverly Andrews, daughter of Mr. and Mrs. John Andrews, is shown above with a sample of fall

rye that grew to tremendous height in a protected part of one of her father's fields. An average of about 30 bushels to the acre was predicted for this field.

PINKEYE CONTROL

Pinkeye, like many infectious diseases, is most prevalent in cattle during hot summer weather.

According to Dr. J. P. Best, Supervisor of Veterinary Inspection with the Alberta Veterinary Services Branch, pinkeye attacks cattle of all ages and breeds. The first sign is usually a profuse watering of one or both eyes which then become swollen and eventually close. The next stage is discoloration and ulceration of the cornea. This is usually followed by the whole eye becoming more or less opaque or cloudy.

The first symptom of pinkeye generally appears two to four days after contact with an infected animal or flies which have carried the disease. Dr. Best says pinkeye seldom confines itself to one animal; it is usually a herd problem. Although the worst cases may eventually clear-up without treatment, the disease can cause substantial losses in the meantime. Dairy cattle may drop 50 per cent in their milk production and range cattle often fail to maintain normal gains.

To prevent pinkeye, Dr. Best recommends protecting cattle against flies and providing them with shade. Sun, flies, dust and wind all contribute to the spread of the disease. A veterinarian should be consulted immediately pinkeye is suspected. An accurate diagnosis at the beginning is always important with any disease. Infected eyes can be a disease in itself or only a symptom of another disease. Prompt diagnosis and treatment will prevent or greatly reduce financial losses in the herd.

"OUR ALBERTA HERITAGE" TWELVE FOOT DAVIS

The top of a high Peace River hill is an unusual place for a grave. But Twelve Foot Davis, who rests there, was an unusual man. In reality, this early Albertan was hardly five feet tall. He got his nickname in the gold rush, digging a fortune from a tiny twelve foot strip claim that other prospectors ignored. But that's not all. Twelve Foot Davis was one of the first to open a string of trading posts in Alberta. While doing so, he proved his strength by trek-

king miles through rugged bush with two hundred pounds of furs on his back. Then he opened his cabin to the sick, the hungry and the discouraged. In the space of a few years he made - and gave away - a fortune. Twelve Foot Davis was a rough cut man, unlettered and small in stature. Yet in independence, enterprise and generosity he was twelve feet tall, a true pioneer of OUR ALBERTA.

This is an example of the stories of enterprise and courage in Calgary Power's new publication "Our Alberta Heritage". Mail coupon for your free copy.

Lomond Bride To Reside At Calgary

St. John's Lutheran Church at Calgary was the setting for a pretty afternoon wedding, at 4:00 p.m. on Saturday, July 18, when Sherrideth Lee, eldest daughter of Mr. and Mrs. Henry Huff of Lomond and Ronald Earnest Fernley, eldest son of Mr. and Mrs. Raymond Fernley of Cochrane exchanged wedding vows in the presence of the members of their immediate families. Pastor Steinhert officiated at the ceremony.

The bride, given in marriage by her father, chose a two-piece turquoise wool boucle suit complemented with white accessories. She wore a corsage of red roses and her only jewellery was a sterling silver cross necklace, a gift of the groom.

The bridesmaid, Miss Wendy Elliott (cousin of the bride), wore a two-piece turquoise suit of cohoma linen complemented with pink and white accessories and a corsage of pink carnations.

Attending the groom as best man was Russel Chow. Ushers were Bryan Huff and Gary Fernley, brothers of the bride and groom.

The mother of the bride chose a black and white dress of acetate jersey with black and white accessories and wore a corsage of red carnations. The groom's mother wore a blue flowered dress with white accessories and wore a yellow carnation corsage.

Following the ceremony the bridal couple and their immediate families motored to the Highlander Motor Hotel where a reception was held in the Tartan Room. A three-tiered wedding cake topped with a miniature bride and groom centred the bride's table. The cake was made by Mrs. Ray Elliott, god-mother of the bride and decorated by a friend of the family. Russell Chow, master of ceremonies, read several congratulatory telegrams and Earnest Heather, the only uncle of the groom, added merriment to the gala occasion with some very humorous remarks.

Out-of-town guests attending were the bride's maternal grandparents from Brooks, Mr. and Mrs. Peter Degenstein (Sherry being their first grandchild); and other guests from Lomond, Vulcan, Cochrane and Calgary. The happy couple are making their home in Calgary where the groom is employed.

Intersection Potentially Dangerous

The fact that two highway accidents occurred under almost identical circumstances at the newly reconstructed Vulcan entrance intersection last week-end gives rise to the thought that the design of this intersection leaves something to be desired and that it may potentially be a breeder of accidents.

Cars approaching from the south and intending to turn into the Vulcan entrance road are supposed to be channelled into the inside lane while other northbound traffic passes such vehicles on the right. The Vulcan-bound vehicles are supposed to wait in this inside lane until such time as it is safe to turn left into the entrance road. Both recent accidents happened when the left-turning vehicle were involved in collisions with oncoming traffic from the north.

Adding to the confusion, apparently, is the lack of clear direction regarding which of the three lanes vehicles from the south are supposed to use when they turn in to Vulcan.

Maybe the highway engineer might be wise to take another look at this intersection before a more serious type of accident occurs. The widening and channelization recently completed were supposed to improve a dangerous situation but the fact that the first accidents in 18 months at this spot occurred after the changes were made makes one wonder whether the situation has been improved or merely confused.

A 40-mile zone in this area might help, as would better direction signs.

GOOD NEWS FOR FARMERS NATIONAL GRAIN RENEWS EXPANDED INSURANCE PLAN

Farming is one of the more dangerous occupations according to statistics. Recognizing this fact, National Grain Company has renewed their accident insurance program for farmers. The plan provides broad accident insurance coverage for customers who have delivered 500 bushels or more of grain to a National Grain elevator in the twelve months prior to the accident. Under the plan, coverage is automatic — the farmer does not have to register with the Company, nor fill out any forms. Insurance coverage increases with the size of deliveries to a maximum of \$5000.00. There is no deductible clause in the policy. Farmers dependents are also covered by the National Grain Accident Insurance Plan. Farm workers may also be covered upon application. The plan covers all injuries anywhere in the world at any time. A National Grain spokesman reported that an average of 80 claims are paid every month and in the past 8 months, 614 claims have been paid. The Accident Insurance Plan is a feature of the 'National 70' farmer benefit program. Complete details are available from National Grain Elevator Managers.

To Reside At Carmangay

Margaret Jean Baines and Bruce Kay Smith were united in marriage at a Temple wedding officiated by President Herber J. Matkin. The bride is the daughter of Mr. and Mrs. Hector Baines of Cardston, and the groom is the son of Mr. and Mrs. Fay D. Smith of Carmangay.

The newlyweds were feted at a wedding luncheon given by the groom's parents and an evening reception given by the bride's parents. Both were held at the L.D.S. Alberta Stake Centre in Cardston.

For the festivities the bride selected a fitted satin gown with a wattleau train, decorated with Alencon lace appliques. Her bouffant veil was caught to a pearl and crystal crown and she carried a bouquet of bronze orchids and Johanna Hill roses. Her only jewellery was a strand of pearls, gift of the groom.

Attending the bride were the

Misses Cathy Steed, Jerrilyn Jensen, Geneva Smith and Kathryn Smith, sister to the groom. Flower girl was Dianne Granlin, niece of the groom. Attendants all wore yellow floor length gowns and carried baskets of white daisy spray mums.

Best man was Sloan Smith, brother to the groom. Ushers were Eldon Smith, Roy Bjornson and Robert Baines, brother of the bride.

Miss Kathleen Sloan was in charge of the guest book and Miss Irene Wiess presided at the organ. Tribute to the bride was given by Willis A. Pitcher.

To travel to Banff the bride chose a two-piece pink suit of summer linen, with wool top coat and white accessories. Her corsage was of pink sweetheart roses.

LOANS FOR STUDENTS

Guaranteed by the Government of Canada

Purpose: The purpose of the Canada Student Loans Act is to facilitate bank loans for students who need financial help to continue full-time studies beyond secondary school level at Universities and other educational institutions.

Who can apply: Any Canadian citizen, or anyone resident in Canada for one year who intends to live in Canada after completion of studies, may apply for a loan under the Act. An applicant must be enrolled or intend to enroll as a full-time student at an educational institution approved by provincial authorities, and must meet the standards of academic qualification and financial need established by the student loan authority in the Province in which he applies.

Amount of loans: Depending upon individual circumstances and financial need, loans up to \$1,000 a year may be made, with a maximum of \$5,000 during a student's academic career. The Provincial Authority receiving applications and determining eligibility will issue a certificate to each eligible student stating the maximum amount the student may borrow. This Certificate of Eligibility is required before a student can arrange a Government Guaranteed Student Loan with the bank of his choice.

Repayment: Interest-Free and Delayed Repayment Period

To assist students, the interest on loans during the period a student continues full-time studies, and for six months thereafter, will be paid by the Government of Canada. During this same period no repayment of principal is required, nor will any service charge or fee be payable by the student.

Method of Repayment

Borrowers will begin to pay interest and to repay loans six months after they cease to be full-time students. The current interest rate to students is 5¼% per annum. Normally the repayment period will be five to ten years. Borrowers have the right to repay loans in part or in full at any time without penalty.

Life Insured

In the event of the death of a borrower responsibility for repayment of the loans will be assumed by the Government of Canada.

Where to apply: Students resident in Alberta, regardless of where they intend to study, should apply for a Certificate of Eligibility to:

Students Assistance Board,
Department of Education,
Edmonton, Alberta.
